Student Health Record Form

Name: _____ **Student Number:** _____
Last **First** **Middle Initial**

I understand that student health information is protected and confidential under State of Florida and federal laws. I voluntarily provide, and consent to my medical provider or physician providing, the medical information contained in this document to the Miami Dade College and health care facilities that I am assigned to as part of Miami Dade College's medical program requirements. I also understand that all requested Student Health Record information is a prerequisite to enrollment in the clinical training of any Medical Center Campus program. Failure to complete this record will prevent my participation in the clinical training. The student and Health Care Examiner (MD, DO, PA, ARNP) must sign in the appropriate spaces provided on the form. **Documentation of all titers, vaccines, drug screening, TB testing, and x-rays must be attached to the student health record.**

SECTION 1: PERSONAL INFORMATION
All areas of this section must be completed. This information will be kept on file and used in the event that the student must be contacted or an emergency contact is required.

SECTION 2: REQUIRED INFLUENZA INJECTION (FLU SHOT)
Students participating in a clinical rotation must receive the influenza injection. Students that cannot participate in the influenza injection process as a result of a medical condition or refuse to participate in the influenza injection may be required to participate in additional measures established by a clinical site. Additionally, it may jeopardize the student's ability to participate in the clinical portion of a Medical Campus program. It is highly recommended that all students receive the influenza injection.

SECTION 3: REQUIRED TITERS/TESTS

A. **Varicella (Chicken Pox):** A Varicella Titer must be drawn and ***the results attached.*** **A record of the Varicella Vaccine will not be accepted as documentation of the required titer.** The date of the titer and results must be indicated in the appropriate area. ***(INDICATING THE DISEASE PROCESS OR IMMUNIZATION DATES IS NOT ACCEPTABLE FOR DOCUMENTATION IN THIS AREA).***

Mumps, Rubeola (Measles), and Rubella (German Measles): A Mumps, Rubeola, and Rubella Titer must be drawn and ***the results attached.*** A **record of the MMR (Mumps, Measles, Rubella) Vaccine will not be accepted as documentation of the required titer.** The dates of the titers and the results must be indicated in the appropriate area. ***(INDICATING THE DISEASE PROCESS OR IMMUNIZATION DATES IS NOT ACCEPTABLE FOR DOCUMENTATION IN THIS AREA).***

B. **TB Skin Test:** Two consecutive TB Skin Tests are required. The TB Skin tests can be repeated a minimum of seven days apart. ***The dates and results of each TB Skin Test must be attached.*** The Skin Tests must have been performed within the last three (3) months to be considered a recent test. Results from QuantiFERON are acceptable within the last three (3) months.

Chest X-ray: A recent Chest x-ray is required if a positive TB skin Test or QuantiFERON is reported or there is a history of a positive TB Skin Test. The chest x-ray must have been completed within the last three (3) months to be considered current. ***Results must be attached.***

C. **Drug Screening:** A minimum of a 10-panel drug screen is required. A second drug screen test may be required by some health care facilities. ***A positive result on this test will result in the student's inability to participate in the clinical portion of any Medical Campus program at Miami Dade College.*** **The results must be indicated and attached.**

Section 4: Hepatitis B Vaccine
Students must provide documentation of the initiation or completion of the Hepatitis B vaccine series at the time of application. It is highly recommended that the student completes the series while enrolled in the program. Further information of the Hepatitis B Vaccine is provided on the Student Health Record Form on page 3. **The results must be attached.**

Section 5: Tdap (Tetanus, Diphtheria, Pertussis) Vaccination
Students must provide documentation of the Tdap vaccination within the last ten (10) years.

Section 6: Student's Statement
Student must read and sign this statement on page 3 of the Student Health Record.

Section 7: Examiner's Statement
The Health Care Examiner (MD, DO, PA, and ARNP) must read, sign, and confirm that the student can meet the Physical Demands associated with the program in the Examiner's Statement Area on page 4 of the Student Heath Record.

SECTION 4: HEPATITIS

Introduction: Health care professionals are at risk of exposure to blood and body fluids contaminated with the viruses that cause HIV and Hepatitis. Consistent use of Standard Precautions is the best-known means to avoid transmission of these viruses or other contaminants. Students will be taught Standard Precautions before they provide care to any patient in the clinical setting. Although it is rare, a health care worker may become exposed to one of these viruses through accidental transmission. Currently, there is no vaccine that protects against the HIV virus. However, the Hepatitis B vaccine is an effective means of preventing Hepatitis B. As a student who will be providing direct patient care, you should discuss this vaccine with your health care provider.

About the Vaccine: The Hepatitis B Vaccine is a genetically engineered "yeast" derived vaccine. It is administered in the deltoid muscle (arm) in a series of three doses over a six-month period. You should seek additional information about the vaccine from your health care provider; especially if you have an allergy to yeast or may be pregnant, or are a nursing mother.

I have initiated the Hepatitis B Vaccine Series with my first dose listed below: **(ATTACH COPY OF DOCUMENTATION)**

1st Dose: Date: ____/____/____ 2nd Dose: ____/____/____ (One month after 1st dose) 3rd Dose: ____/____/____ (Six months after 1st dose)

OR

I have already completed a Hepatitis B Vaccine Program with dates of injections listed below: **(ATTACH COPY OF DOCUMENTATION)**

1st Dose: Date: ____/____/____ 2nd Dose: ____/____/____ (One month after 1st dose) 3rd Dose: ____/____/____ (Six months after 1st dose)

OR

Antibody testing has revealed that I have immunity to Hepatitis B. Yes _____ No _____
(ATTACH COPY OF LAB REPORT).

SECTION 5: Tdap (Tetanus, Diphtheria, Pertussis) Vaccination

Students must provide documentation of the Tdap vaccination within the last ten (10) years.

SECTION 6: STUDENT'S STATEMENT

In order to satisfy medical program requirements, I hereby consent to the release and disclosure of my personal health information provided on the **Student Health Record Form** to Miami Dade College and any health care facility in which I am assigned for on-site clinical training. I understand that my personal health information is required to facilitate my participation in the clinical training, which is required for program completion. I also hereby release and hold harmless Miami Dade College and receiving health care facilities from any claim of violation of HIPAA or any other medical privacy rights that may arise for the release of my personal health information provided in the **Student Health Record Form**.

CRIMINAL HISTORY INFORMATION CHECKS REQUIRED FOR MEDICAL CAMPUS PROGRAM STUDENTS

Florida law requires level 2 criminal background screenings for "all employees in position of trust or responsibility", pursuant to §435.04, Florida Statutes (2004). The Joint Commission of Accreditation of Healthcare Organizations (JCAHO), a healthcare accreditation entity, also requires healthcare facilities to conduct background screenings on employees, students, and volunteers in accordance with state law and regulation and/or the internal procedures of the healthcare facility. The purpose of the level 2 criminal background screenings, which include fingerprinting and a state and federal criminal records check, is to ensure patient safety and maintain trust and integrity within the healthcare professions.

Many of the College's healthcare training facilities now require the College to conduct level 2 criminal background screenings on all faculty, students and any other person who participates in clinical training at a healthcare facility. In response to this requirement, all faculty, students or any other persons that participate in the College's clinical training programs are required to obtain a level 2 criminal background screening before beginning their participation or continuing their participation in any of the College's clinical placement programs. In most instances, previous screenings are not accepted by the College.

To obtain the level 2 background check for your enrollment in your selected program at Miami Dade College, students should do the following:

1) Schedule an appointment at http://ibrinc.com/mdc/select

2) Follow the link identified as "Medical Campus Student/Health Sciences".

3) Complete the requested information for the completion of the background check process.

4) The background check process could take 3-7 business days to complete.

5) Contact the Dean's Department to pick up copy of background check in Room 1355 at the Medical Campus. Please call 305-237-4028 to verify receipt of background check.

ACKNOWLEDGMENT AND CONSENT FOR RELEASE OF INFORMATION

I understand that placement in a clinical setting is an essential component of my education in a health science program offered by the Medical Campus of Miami Dade College.

I have been informed that many healthcare agencies require a level 2 criminal background screening as a prerequisite for placement in an agency. I hereby consent to Miami Dade College receiving the results of my level 2 criminal background screening. I also understand that this information will be held confidential by the College and will not become a part of my student record. I give the College permission to disclose and/or share the results of the screening with a clinical agency for the sole purpose of clinical placement eligibility within a clinical agency.

I acknowledge that the clinical agency may make the determination, regarding specific criminal charges, that would disqualify me from participating in a clinical program, and that Miami Dade College is not involved in, and has no control over, that determination. I understand that if I am disqualified from participating in the clinical program as a result of the criminal background screening, I may not be permitted to continue in the Medical Campus program in which I am enrolled.

I hereby sign this form voluntarily with the understanding that a level 2 criminal background check is a prerequisite to clinical placement in a Miami Dade College Medical Campus program.

Please be advised:

Students registering for the EMT Program students must complete and print out the JMH online orientation at:
https://www.jhsmiami.org/orientation/
Failure to complete this orientation will hinder the registration process.

To access the JMH orientation confirmation page:

1. Create JMH (student) account
2. Log in to your JMH (student) account
3. Click on My Tests
4. Once there in the upper right corner click on view/print transcript and page will generate that has your name on top. On the left side of the page green check marks will appear. On the right side with the number and name of the online class completed will appear. The account type (which should say student) and the completion date of orientation will appear in the middle.
